2 NEW ROSES

BOTH BLOOM ABUNDANTLY—INDOORS and OUT FOR WEEKS
AT A TIME. PERFECTLY HARDY.

NEW WHITE SOUPERT ROSE ("Schneekopf")

This splendid New Rose when on trial in our greenhouses continued to bloom steadily and attract attention for weeks at a time. It is equally as fine for planting in the open ground because it is one of the hardiest of the Everblooming Roses and blooms most abundantly. The flower strongly reminds one of Clotilde Soupert. It has the same vigorous habit of growth—a bush thick with branches and usually quite full of bloom; the blossoms open perfectly, showing beautiful cup-shaped petals, waxy white and sometimes tinged flesh pink.

Because of its healthy habit, prodigious bloom, its beauty and rich fragrance, whether it be for conservatory or indoor culture or for planting out in the open ground, we consider this one of the best New Ever-blooming White Roses recently introduced.

Price, Nice One-Year Plants, 25c each, postpaid.
Two-Year Size, 60c, by Express.

NEW EVERBLOOMING ROSE

"ANNY MÜLLER" or

"PINK BABY RAMBLER"

Blooms repeatedly. A charming color. Entirely hardy.

Every Rose lover knows the famous *Crimson Baby Rambler*, which recently leaped into popularity—Here is a *pink companion* for it. The New *Pink Baby Rambler* is of the same free-flowering Polyantha class (*Crimson Rambler George Pernet*), and differs from its *Crimson* mate only as regards its color, form of flower and habit of bloom. The blossoms of the *Pink Baby Rambler* are a fascinating shade of deep rose, with petals curiously curled and twisted, producing a fluffy effect. While it does not have so many blossoms in bloom at one time as does the *Crimson Baby Rambler*, the individual flowers are larger and make quite as much of a show. Its hardiness, vigorous habit of growth, with well-branched bushes and healthy, rich green foliage, are all qualities which (just as in the case of the *Crimson Baby Rambler*) commend it to the careful buyer.

Price, One-Year Plants, 30c each, postpaid.
Two-Year Plants, 75c each, by Express at purchaser's expense.

SPECIAL OFFER No. 1.

(1 Pink Rambler and 1 White Soupert)

{ 2 NICE ONE-YEAR PLANTS, 50c. Postpaid.
2 STRONG TWO-YEAR SIZE, \$1.25, by Express
at purchaser's expense.

ROSES SPECIALLY PREPARED FOR WINTER BLOOM

YOUR CONSERVATORY OR WINDOW GARDEN can be made to bloom with Roses if you get plants especially grown for this purpose. Please see the excellent assortment of colors and kinds on pages 36 and 37.

ALSO, 2-YEAR-OLD ROSES.—Our stock of these at this particular season is limited (We shall have our complete stock ready again by early spring.) At this time we can furnish kinds like *Lady Roberts*, *La France*, *Bessie Brown*, *Souv. de Pres. Carnot*, *Princess Bonnie* and *Marechal Neil*, and other varieties suitable for indoor winter forcing, but we must ask that selection be left entirely with us. For this reason we will make the price unusually low: Strong 2-Year Plants from 4-inch pots at 35c each; 6 for \$1.75; 12 for \$3.00, by Express—purchaser paying charges.

HARDY FIELD GROWN ROSES

FOR FALL PLANTING IN OPEN GROUND

NO BETTER TIME in all the year for planting these large hardy Roses than Autumn. For kinds we recommend see pages 38 and 39.

A LITTLE BOOK ABOUT ROSES

SUCCESS WITH ROSES is not difficult when you "know how"—and here we offer a little book entitled "How to Grow Roses," which tells "how" in a clear, simple way; easy to understand and easy to follow. How to plant, prune and protect them, etc., etc. It is also beautifully illustrated with photographs and contains information worth many times its cost.

Price 10c, Postpaid, or free (on request) with a \$1.00 order.

NEW DOUBLE BLUE LOBELIA "KATHLEEN MALLARD"

THIS beautiful and satisfactory Lobelia seems to have combined in it the good qualities of all Lobelias. It is a splendid variety, a seedling of *L. Speciosa*. Flowers are of unusual size; color an intense, beautiful blue and borne in great profusion all over the plant.

Blue flowering plants in the winter are rare and highly prized, and we believe that everyone who tries this beautiful New Lobelia will find it particularly charming. Price for Nice Plants, 35c each, Postpaid.

MAKE YOUR HOME BEAUTIFUL

WITH
C. & J. FLOWERS

A FEW HELPFUL HINTS FOR AMATEURS

Beautiful Flowers in the home are a wonderful influence toward happiness and good cheer. ORDER PLENTY.

The careful flower buyer knows that to reap the full benefit of his time and labor in planting and caring for flowers, he must have good stock to start with. We too know this and have provided for our customers the best stock to be had anywhere. Order C. & J. Stock and you run no risk about results, you are sure to be pleased.

It simplifies ordering to divide your Flower wants into two classes as follows:

For House and Conservatory

INDOORS

How many flowers will you plan to have for Thanksgiving and the Christmas holidays? There are few things which add so much pleasure to such occasions and they make most appropriate gifts. By planting several sets of C. & J. bulbs you can have a succession of bloom all Winter long and at Easter a grand display. Try it. And some bulbs are so easy to grow that even the inexperienced cannot fail. We refer particularly to Giant White Narcissus, Hyacinths, Chinese Sacred Lilies and the like. Many bulbs bloom when simply planted in water. Waterproof paper pots we furnish at 35c. per doz. Remember, too, the Palms, Ferns, Asparagus, and Araucarias (pages 26 to 29)—they all thrive even under trying conditions and their graceful greenness is of great decorative value for making your "indoors" more homelike. (See also pages 30 to 37.) Can you imagine anything more delightful for a gift than a Palm or Fern or Vase of Flowers to bloom for weeks. You may depend on us for careful packing with your card enclosed.

For the Lawn and Garden

OUTDOORS

"To have them in bloom in Early Spring you must plant bulbs this Fall." That is true of practically all the bulbs offered in this book, therefore, ORDER EARLY, and get them planted before the ground freezes, some weeks before if you can, so they can get their roots established.

Mass or group your planting, using several of one or a few kinds to produce a good effect rather than too much of a mixture. Good suggestions for beds will be found on pages 5 and 13. There is almost no limit to the good things to get (see pages 5 to 20, 22 to 25, and 38 to 43).

And for planting Hardy Shrubs, Perennials, Hardy Roses, such as are listed in this book, you will find no better time in all the year than Autumn, just as soon as they have become sufficiently dormant to transplant safely, and anytime before the ground freezes. People who know best agree to a man that Fall planting pays.

See note on next page explaining the bulbs for outdoor and indoor planting respectively.

Information for Purchasers

Please use the Printed Envelope and Order Sheet, and be sure to write your full name and address clear and plain, and always the same way (Mr., Mrs., or Miss).

Always forward cash with your order, preferably by P. O. or Express Money Order, Registered Letter or Bank Draft. Postage Stamps accepted for small amounts.

Free Delivery in the United States—NOTICE—At the prices given in this Catalog, we deliver all bulbs and seeds free of charge, by mail or express (at our option), also all plants suitable to go by mail, but when plants are sent by express either by request of the purchaser or because too large to go by mail, the purchaser must pay the express charges.

Canadian and Foreign orders should be accompanied with 10 per cent. extra payment to cover additional cost of packing and postage.

The Assortment

of Bulbs and Plants we offer for Fall planting is, size considered, unexcelled. (Index, page 42.) The QUALITY of our goods is "right up." It was this quality that won for us the Highest Awards at St. Louis World's Fair, 1904. As to our RELIABILITY ask any Bank or Mercantile Agency in the United States, or better still, ask our customers.

Plants and Bulbs Free

In addition to our Special Premium Magazine Offer, page 4, and to our Special Rose Book Premium, page 36, we will make careful selection and add without charge to every order for goods bought at single rates, plants or bulbs as follows:

On \$1.00 worth of goods we will add	\$0.15 worth extra
" 2.00 " " " " " " "	.30 " " "
" 3.00 " " " " " " "	.50 " " "
" 5.00 " " " " " " "	1.00 " " "
" 10.00 " " " " " " "	2.50 " " "
" 20.00 " " " " " " "	6.00 " " "

This premium does not apply to special offers or items bought at dozen or one hundred rates. We should be glad to have you state your preference, which we will follow so far as our stock permits.

All our customers can rely on getting good value, and liberal and satisfactory treatment in every way.

We Guarantee

that everything you order from us will be as represented in our Catalog and will reach you in first-class condition anywhere in the United States. When anything is not right, advise us promptly and we will make it so. We have been practicing this ever since we began business and believe it is the foundation of our success. We hope you will examine our offers and send us your orders this Fall.

Faithfully yours,

C. & J. BULBS FOR AUTUMN PLANTING

BULBS are among the grandest of all our garden flowers and must always be planted in the Fall. All flower lovers want bulbs. No other flowers are so easy to grow and sure to bloom. **FOR WINTER FLOWERING IN THE HOUSE AND CONSERVATORY**, get our lovely **Easter Lilies, Freesias, White Narcissus, Hyacinths, Sacred Lilies, Giant Cyclamen, &c.** (see pages 6 to 11 and 15 to 37, inclusive), and for early Spring blooming in beds and borders in the open ground there is nothing finer than our splendid **Dutch Hyacinths, Gorgeous Tulips, Narcissus, Crocus, Iris, Japan Lilies, &c.**, which are the earliest to bloom as well as the sweetest and most beautiful flowers of their season (see pages 5 to 19, 22 to 25, and 38 to 42, inclusive). They are entirely hardy and should be planted as soon as received either in pots or in the open ground, where they are to remain. They require no protection, though a light covering of well rotted manure or garden litter is always desirable.

The wise flower lover who has had experience knows that in order to reap the full benefit of his time and labor he must have good stock. That is exactly what you can depend upon when you order from us. We've spared no pains to maintain the standard of our stock so that our customer can get from us the best to be obtained anywhere.

Time to Plant—All Bulbs, whether for house culture and Winter bloom or for bedding out in the open ground, should be planted as early as convenient, from September to January—the earlier the better.

To have beautiful flowers in the early Spring **you must plant bulbs in the Fall**. Most of the bulbs in this catalog are ready to ship by the middle of September, therefore, order early—you will find it is to **your** advantage.

After Potting—Water thoroughly and set away in a cool, dark place two or three weeks to rest, and give the roots time to start; then take to the living room window or wherever they are to remain. One great secret of success with growing bulbs indoors is to have the root growth thoroughly established before the bulbs are brought to the light. Bulbs do not require much heat, an upstairs room suits them nicely. Water only when the surface soil looks dry, but do not allow them to get dry at the bottom. They will soon begin to grow and bloom and then their lovely flowers and delightful fragrance will surprise and delight all who see them.

Bulbs for the House or Conservatory—Can be grown nicely in pots or boxes if care is taken to firm the earth well down on the roots, and provide good drainage at the bottom. Small bulbs can be set quite close together, sometimes several in one pot; larger ones need room in proportion to their size. Do not plant too deep; one inch is about right for house culture, but large bulbs in open ground should go 2 to 3 inches deep according to size. Diagram below shows proper depth and distance apart to plant bulbs of different sizes.

Soil Required—Any good soil that is suitable for other flowers will grow fine bulbs. Old well-rotted manure is the best fertilizer, but when this cannot be had, we can send you "**BONORA**" the improved Plant Food (a highly concentrated fertilizer, specially prepared for plants and flowers), by mail or express, at any time desired. See circular in this book.

Treatment after Blooming—When pot bulbs are done blooming they can be set away in any cool, dry place and left a few weeks to mature, after which they may be shaken out of the soil and stored away until time to plant again in the Fall. They may not make as fine flowers the second season as the first, but will usually do quite well for two or three years. Bulbs in open ground, when done blooming and well matured, may be lifted and dried off, and then treated exactly like those from pots.

The Conard & Jones Co.'s Hardy Bulbs for Fall Planting are grown and specially selected for us by the foremost growers in Europe and can always be depended on to give best results and entire satisfaction in every way—they are not surpassed by any.

Collections of C. & J. HYACINTHS FOR BEDS

For the convenience of our customers, and to encourage the planting of these beautiful flowers in beds, we recommend the following combinations. These are the same Bulbs as offered under separate colors on page 8, and have been especially selected to bloom at the same time and grow to the same height.

They should be planted in the Fall 6 inches apart each way and 3 to 4 inches deep. Give them slight protection over Winter and they will flash forth in beautiful bright colors early in the Spring and remain in bloom some weeks. Then the Bulbs may be removed in time to set your Summer flowering plants. Or in some soils, Bulbs do well a number of years without lifting or replanting. So that in the same bed one may sow or set out shallow rooting plants such as Petunias, Verbenas and Portulacas which will keep the bed bright all summer through and in no way hurt the Bulbs. A solid mass of one color in a bed (or two at the most) is far more pleasing and effective than a mixture.

ROUND HYACINTH BEDS

The following schedule shows prices for beds in 6 different sizes, also just how many circles and how many bulbs for each circle, (first circle should measure 12 inches in diameter and then additional circles every 6 inches out. See diagram p. 13). This schedule will allow you to arrange for any color combination you like at prices here named:

ARRANGEMENT.

Specially Selected for Choice House Culture and Bedding

Of all the Winter and Spring Flowering Bulbs the Hyacinth is King. You can get them in nearly any color you wish: pink, red, yellow, orange and blue, from pure white and delicate tints to deep dyed purple, and very fragrant. They are of the easiest culture and sure to bloom because each bulb has the blossom already started and wrapped tight inside it when you get it. They will grow almost anywhere you plant them—indoors in soil or water, and will give gorgeous bouquets for Christmas week or other occasions. They remain in bloom a long time, and for table, window or mantel decoration or conservatory display they are exquisite. Equally as valuable, too, for outdoor culture.

The figures 1, 2, 3 and 4 after the name of the Hyacinth indicate the relative time of flowering—the 1's flower together and are the earliest; No. 4 the latest.

Early Flowering Roman Hyacinths

Roman Hyacinths are among the handsomest and most desirable of all Bulbs for early Winter flowering in the House or Conservatory. They begin to bloom very quickly and throw up great masses of sweet and lovely flowers almost before other bulbs get started. They are easily grown in pots or boxes; require no special treatment and are absolutely sure to bloom. Though recommended for House Culture they are quite hardy, and when planted in open ground will make an elegant display of lovely flowers very early in Spring.

Prices: (All except Single Canary Yellow) 5c. each; 12 for 50c.; \$3.50 per 100. Delivered free in U. S. A.

Single Pure White—Early and profuse bloomer, very beautiful and sweet.

Single Blush White—Rich, creamy white, elegantly tinted with rosy blush; very beautiful, immense bloomer.

Single Light Blue—A most charming color; early and profuse bloomer; very sweet.

Double Pink—Splendid new variety; beautiful large flowers, in handsome well-filled spikes.

Single Canary Yellow—New and very beautiful; stock limited. 10c. each, 3 for 25c.; \$1.00 per doz., postpaid.

White Italian or Parisian Hyacinths—These bloom a little later than the Romans, and the flowers are larger; they are most abundant bloomers and delightfully sweet, highly valued for forcing, for cut flowers and for bedding out.

SPECIAL OFFER No. 16

Complete set of 5 named Roman Hyacinths, and one White Italian, offered above—6 in all—only 30c., postpaid.

Roman Hyacinths

New Miniature or Pompon Hyacinths

These charming little Hyacinths are greatly admired, both for winter bloom indoors and for bedding out; they resemble the Dutch Hyacinths, but are smaller in size, and besides costing less can be planted close together in pots, boxes or beds. The bulbs often produce three or four flower spikes each, and can be depended on to make a lovely display very quickly; they are deliciously sweet and sure to please. Do not fail to give them a trial. We offer them in five separate colors, **Pure White, Rose Pink, Red and Crimson, Dark Blue and Light Blue.** Price, 5c. each; 50c. per doz., \$3.00 per 100, postpaid.

SPECIAL OFFER No. 17—Set of 6 above (1 of each color), 25c., postpaid.

A Bed of Choice May Flowering Tulips.

Late May Flowering Tulips

These Tulips are quite distinct from the early flowering kinds—coming later they extend the blooming season two to three weeks longer, and are usually at their best about Decoration Day. They are all single. They are extremely hardy and therefore excellent for planting in the herbaceous border, among the shrubbery or for naturalizing in any place where they can remain undisturbed and bloom regularly for years. Splendid for bouquets because of their durable flowers and long stems. Set these bulbs 4 inches deep.

Narcissus or Daffodils

The Narcissus or Daffodils are among the earliest to bloom and most brilliant and showy of all our Spring flowers. They are entirely hardy and highly valued for beds and borders in yard and garden, and also for Winter blooming in the house. When potted, they flower very quickly and will soon fill your window-garden with beauty and fragrance. For the flower-beds set 3 or 4 inches deep and 4 to 6 inches apart, according to the size of the bulb. They bloom beautifully very early in the Spring; the flowers are very rich and handsome and delightfully sweet. They are very different in form and color, but all exceedingly beautiful.

TRUMPET NARCISSUS

Glory of Leiden—(See Illustration.) You have doubtless heard of the famous old city of Leiden in Belgium, where it is believed this glorious Daffodil originated, and is still cultivated in great perfection. It is a magnificent new sort, with immense flowers of great substance and beauty, large, long, fluted trumpets, deep, rich, golden yellow, and borne on broad sturdy stems with thick leathery foliage; a healthy vigorous grower and early and profuse bloomer, being new and scarce the price is necessarily high. . .

Emperor—Next to Glory of Leiden, this is one of the grandest of all Daffodils; flowers of the very largest size. Clear rich golden yellow, with immense fluted trumpet, and petals so large as to overlap, and flowers measure $3\frac{1}{2}$ inches across. Very sweet and a real treasure of beauty and fragrance; will last for days when cut, and perfume the whole house; entirely hardy and an early and abundant bloomer. . .

Empress "White Wings"—A magnificent variety; large bold flowers, borne erect and considered the finest of the two-colored trumpets. . .

Grandee—Flowers extra large with broad creamy white petals and magnificent golden yellow trumpets, beautifully crimped and ruffled, exceedingly handsome. . .

Golden Spur—This is one of the grandest of daffodils, extra large, bold rich yellow flowers and broad handsome foliage. A strong grower and early bloomer, unsurpassed for garden or house culture. . .

Princepts—Very early and one of the most popular Winter-flowering varieties; soft sulphur yellow, with immense deep yellow trumpets. . .

Sir Watkin—The Giant Chalice Flower, or Big Welchman. One of the largest daffodils grown; immense long-stemmed flowers, sometimes $5\frac{1}{2}$ inches across, rich lemon yellow, large dark cup tinted with orange; grand and handsome. . .

Trumpet Major—Bright golden yellow, one of the best for bedding and fine Winter flowering, an early and abundant bloomer. . .

SPECIAL OFFER No. 38—Set of 8 Splendid Trumpet Narcissus, only 40 cents. Postpaid.

True Chinese Sacred Lily

THE WATER FAIRY FLOWER OR "SHIN SIN FAR"—OR CHINESE "JOSS FLOWER"

The Great Chinese Sacred Lily is still one of the most popular Winter-blooming bulbs we have. They grow very easily and are sure to bloom quickly; they like moderate moisture and plenty of light and heat. They grow nicely in pots of ordinary soil, but the easiest and quickest way to bloom them is in a bowl of water with a few pebbles to hold the bulbs in place. The bulbs are large, and each one sends up from five to twelve flower stems bearing great clusters of large pure white wax-like blossoms, with yellow centres and deliciously fragrant. Some are single and others double, but all equally beautiful, and they bloom so quickly and abundantly they are in great demand everywhere. They continue to bloom a long time, and by planting at different times, a few weeks apart, you can have flowers all winter and spring. Ours are the Genuine Chinese Sacred Lily grown in China.

Price, first size quick-blooming bulbs, 12c. each; 3 for 35c.; \$1.25 per doz. Original baskets containing 30 bulbs, \$2.75; or \$9.00 per 100, delivered free in U. S. A. Or by express, purchasers paying charges, basket of 30 for \$2.00, or \$6.50 per 100.

Golden Sweet-Scented Sacred Lily

Clear, bright golden yellow flowers, very fragrant. Of the same family as the Chinese Sacred, but larger.

One dozen bulbs in a bowl of water will make an elegant display of flowers in a very short time, and when planted in the garden will bloom almost as early as the crocus.

Price, 3c. each; 4 for 10c.; 25c. per doz.; \$1.50 per 100, delivered free.

"CONSIDER THE LILIES"

THE TRUE BERMUDA EASTER LILY

(LILIUM HARRISII)

Bermuda Easter Lily

This is one of the grandest and most beautiful lilies ever seen, and the best of all for Winter flowering in pots; it grows easily and is sure to bloom. The flowers are pure snow-white, very large and fragrant, and borne in splendid clusters, six or eight at a time. Vast numbers of these splendid lilies are grown for church and house decoration every year. Plant in a pot or box which is at least six inches deep and well drained; good turfy soil with a little old, well-rotted manure is best; the bulb should be covered about one inch deep; firm the earth well around it, water thoroughly and set away in a cool place three weeks or more till the roots begin to start, then bring to the light—the window of an ordinary living-room is about right—they require moderate heat with plenty of sunshine and water, and should bloom about three months from time of planting. Our Easter Lily Bulbs are of the very best quality and warranted to give satisfaction. We offer them in three sizes. **Ready in August.**

JAPAN EASTER LILY

(Lilium Longiflorum)

This magnificent Lily is almost identical with *Lilium Harrisii*. It is somewhat later in flowering and therefore also useful for extending the season of bloom. It is beautiful snow-white and fragrant, and because of its great substance, size and lasting qualities is excellent for Easter decorations. Bulbs ready for delivery in October.

New Philippine Lily (Lilium Philippensis)

A charming new lily from the Philippine Islands, throws up strong flower stalks 12 to 15 inches high, bearing beautiful large snow-white lilies delightfully fragrant, has proved hardy here and claimed to be superior to the Bermuda Easter Lily for winter blooming. Fine Flowering Bulbs, 25c. each, \$2.50 per doz., postpaid.

NOTE—In Fall Planting, or when done flowering in the house, these lilies should be set four to five inches deep in the open ground, where they can remain, as they are entirely hardy if planted deep and given a light covering of leaves or garden litter before hard freezing.

The Best Hardy Lilies

These beautiful Lilies are quite hardy, but should be planted four or five inches deep and given a light covering of leaves or litter before the ground is deeply frozen. They should not be disturbed but left to grow on from year to year. They get larger and finer with age.

Most Lily Bulbs being of late maturity are not ready before October and November (the best time to plant them). *L. Harrisii* and *Candidum* are ready in August.

Umbellatum (Davuricum)—Blooms in beautiful clusters; color includes shades of red, crimson, yellow and black,

Wallacei—Beautiful Japan Lily; clear buff, elegantly spotted with crimson, handsome and desirable,

SWEET LILY OF THE VALLEY

Its beautiful sprays of lovely pure white bell-shaped flowers are always greatly admired. It is perfectly hardy, does not object to shade and will do well in any odd corner you happen to have, but will of course give finer flowers and more of them when given good, well prepared ground, and partial shade; they are entirely hardy and will increase in number and beauty from year to year. In house or conservatory a half dozen roots in a 4-inch pot, kept cool awhile and then given light and moisture, will soon produce an abundance of lovely fragrant flowers. Price, strong flowering roots, delivered free in U. S., 3 for 15c.; 12 for 50c.; 25 roots, 1 bundle, 75c.; 100 roots, \$2.00.

NOTE—LILY OF THE VALLEY is one of the most useful pure white flowers for Winter forcing and is grown in immense quantities in all the larger cities for the Holiday Trade. They last a long time when cut, and are particularly beautiful when colonized in large patches in partially shaded places about the lawn, and being entirely hardy, will mostly take care of themselves without much attention.

AMARYLLIS QUEEN OF WINTER FLOWERING BULBS

May be Kept in Pots all the Year Round, or Bedded Out in the Summer

ALLIUMS

Azureum—The Blue Allium, a rare and beautiful variety not often seen, throws up a profusion of lovely sky-blue flowers, star shaped and borne in pretty graceful sprays, extra fine for pots and bedding. 5c. each; 50c. per doz.; \$3.50 per 100, postpaid.

Allium Neapolitanum—This is the most popular of all the Alliums, and especially valuable for pot culture. Grows very easily, costs but a trifle and bears great masses of lovely pearly white flowers, lasting a long time. Five or six bulbs in a four-inch pot make a beautiful window ornament. Hardy also in open ground. Price, 3 for 5c.; 15c. per doz.; \$1.00 per 100, postpaid.

SPECIAL OFFER No. 45—1 Blue Allium, 4 Golden Yellow, 3 White, 8 for 15c., postpaid.

AGAPANTHUS UMBELLATUS

The Blue African Lily—We offer fine bulbs of this splendid Blue African Lily, which is an exceedingly beautiful ornamental plant for the Green house or Conservatory in Winter, and for pots or tubs on the lawn or piazza in Summer. The foliage is luxuriant and handsome, the flowers are borne in large clusters of 20 to 30, frequently measuring 10 to 12 inches across. The flower stalks grow 15 to 18 inches high, and the flowers open in succession for several weeks; the color is bright rich blue, very showy and attractive. Price, 25c. each; \$2.50 per doz., postpaid. Ready in November.

The Lovely Pink Amaryllis or Belladonna Lily

—This is a grand variety, splendid for house culture and Winter bloom. May be kept in pots all the year or bedded out in summer. Bears grand large well expanded flowers, lovely rose-pink, finely pencilled with silvery white and deliciously perfumed. Price, extra large bulbs for immediate bloom, 20c. each; \$2.25 per doz. Fine first size bulbs, 15c. each; \$1.50 per doz., postpaid.

Amaryllis Equestre or Gloriosa Lily—One of the most beautiful of the Amaryllis family. Very easy to grow and invaluable as a Winter bloomer. Splendid large lily-shaped flowers 4 to 5 inches across, bright flashing orange scarlet, with exquisite green and white star in the centre. A most beautiful and satisfactory variety for Winter bloom. Requires but little attention, and may be kept in pots all the year round. Price, good first size bulbs, 15c. each; \$1.50 per doz. Extra large bulbs for immediate bloom, 20c. each; \$2.00 per doz., postpaid.

A. Formossima or The Scarlet Mexican Lily—Curiously shaped flowers, dark rich scarlet, very bright and handsome, easily grown and a sure quick bloomer; can be grown in water like the sacred lily, or if planted out in the Spring will bloom during the Summer. 12c. each; \$1.25 per doz., postpaid.

Amaryllis Johnsonii—One of the grandest of the Amaryllis family. Extra large and exceedingly beautiful flowers, deep red, elegantly striped with white, well known and very popular for house culture; may be planted out in Summer or kept in pots all the year round. Extra large blooming bulbs, 35c. each, postpaid.

Queen Mary or Double White Amaryllis (Ismene Calathena)—This is not a true Amaryllis, but belongs to the same family and is a most rare and beautiful flower, particularly valuable for pot culture and Winter bloom. Throws up flower stalks 12 inches high, crowned with large elegant lily-like flowers of waxy texture, pure snowy whiteness and delicious fragrance. The outer petals are curiously reflexed, and the inner ones delicately fringed; a most lovely and charming flower, entirely distinct and different from all others. Strong blooming bulbs, 20c. each; 3 for 50c., postpaid.

SPECIAL OFFER No. 44—One each of the five varieties of Amaryllis only 75c., postpaid.

New Emerald Feather Asparagus

(*ASPARAGUS SPRENGERII*)

This is undoubtedly one of the handsomest and most valuable evergreen trailing plants for the house and conservatory ever introduced. It is especially valuable for pots, vases, baskets, etc., covering all with its beautiful sprays of lovely green feathery foliage, which can be cut freely and is very useful for bouquets, wreaths, and all kinds of floral decorations. It makes a charming ornamental plant for the window or conservatory in Winter, and is equally valuable for vases, baskets, porch boxes in Summer. It is a strong vigorous plant, very easily grown, requires but little care and keeps on growing, fresh and green, year after year. Price, 15c., 20c. and 25c. each; \$1.50, \$2.00 and \$2.50 per doz., postpaid. Extra size from 5- and 6-inch pots, 35c. and 50c. each, by express.

Emerald Feather Asparagus

Asparagus Plumosa

Climbing Lace Fern

Asparagus Plumosa

A finer and more delicate plant than the Sprengerii, but hardy and easily grown; very satisfactory for window and house culture; an extremely graceful window climber, bright, green feathery foliage, as fine as the finest silk or lace. The fronds retain their freshness for weeks when cut, and are greatly admired for floral decorations. An exceedingly beautiful plant for house and conservatory, and will thrive nicely in the temperature of an ordinary living-room. Entirely unequalled for the grace and beauty of its lovely spray-like fronds.

Price, nice thrifty plants, 15c. and 20c. each; \$1.50 and \$2.00 per doz., postpaid; larger sizes, 40c. and 50c. each, by express.

Newport Parlor Fern

(*Nephrolepis Scottii*)

This is undoubtedly one of the newest and most beautiful plants for house decoration ever offered. Our engraving is made from a photograph, and therefore shows the plant exactly as it appears; it resembles the Boston Fern in some respects, but grows more erect, has shorter, narrower fronds and makes three times as many of them, has taken gold and silver medals at all the great shows wherever exhibited. Thrives nicely in parlor or living-room, requires very little attention and is one of the grandest plants for the house or conservatory it is possible to have.

Price, 15, 20 and 30c. each, according to size, postpaid. Extra size for immediate effect, 50c., 75c., and \$1.00 each, by express, at purchaser's expense.

The Newport Parlor Fern

Ornamental Ferns

"WHITMANII"—Latest One Out

and we think the most beautiful yet. Rather dwarf in growth, but graceful, very compact, dense and feathery. Each frond or branch has a double row of perfect little fronds set at right angles to the mid rib, and so thick they seem almost crowded. It is a healthy, vigorous grower, constantly unfolding fresh fronds of light green that contrast exquisitely with the deep green of the older fronds. It is somewhat like Barrowsii, shown in the illustration, but decidedly more fluffy, more delicate and beautiful (see outline drawing No. 1). Price, 50c. each, postpaid. Larger size, \$1.00, express.

NEW EXCELSIOR FERN (Nephrolepis Barrowsii)

This is one of the newest and most beautiful parlor ferns yet produced, grows thicker and makes more fronds than the older kinds, and they are more dense and feathery and produce a most elegant effect in house decoration. Our illustration gives some idea of its remarkable beauty, but it must be seen to be fully appreciated. (See illustration.) Price, strong plants, 20c., 30c. and 50c. each, postpaid. Extra size plants for immediate effect, 75c. and \$1.00, by express.

NEW OSTRICH PLUME FERN (Nephrolepis Piersonii)

Undoubtedly one of the finest plants for house decoration ever offered, it is a strong, vigorous grower, resembling the Boston Fern somewhat, but the fronds are much heavier and more feathery, and arch over in a most graceful manner, showing two shades of green and producing a lovely mossy effect which adds greatly to its beauty, a quick rapid grower, and can be depended on to make a fine display at once (see outline drawing No. 2). Price, strong plants, 15c., 25c. and 35c. each, postpaid. Extra size plants for immediate effect, 50c., 75c. and \$1.00, by express.

New Excelsior Fern (N. Barrowsii)

1. Whitmanii

2. Piersonii

3. Exaltata

THE BOSTON FERN (Nephrolepis Exaltata)

This is one of the finest and best ferns for growing in pots, vases and baskets; will do well planted in a shady border during summer, and when lifted and taken in doors, makes a splendid window and house plant during winter. The beautiful fronds grow two to three feet long and droop over in the most delightful way. Very popular and always in large demand. (See illustration No. 3.) Price, good strong plants, 15c., 20c. and 25c. each, \$1.50, \$2.00 and \$2.50 per doz., postpaid. Larger size, 40c., 50c., 75c. and \$1.00 each, by express.

CHOICE FERNS FOR THE HOUSE

Maiden's Hair Fern (Adiantum Cuneatum)—Always in great demand for table and house decoration; will thrive nicely in parlor or living-room, and grow more beautiful each year. 15c., 20c. and 25c. each, postpaid.

Mount Washington Fern (Davallia Striata)—Has long graceful finely cut foliage, rich Nile green, nice for house or conservatory, also for planting out; hardy. 15c. and 20c. each, postpaid.

Polystichum Setosum—A lovely variety, erect feathery growth, bright glossy green. 15c.

Aspidium Tussimense ("The Birds Eye Fern")—Beautiful finely divided fronds, lace effect; one of the best for table decoration, dishes, baskets and window boxes. 15c., postpaid.

Pteris Argentea (Eagle's Claw Fern)—Pea green foliage with silver variegations; grows nicely in pots with other flowers. 15c., postpaid.

The Beautiful Moss Fern (Selaginella Emiliana)—A very pretty and interesting little fern with moss-like foliage, delightful for fern dishes, vardingian cases, etc. 15c. each, \$1.50 per doz., postpaid.

The Kentia Palm

(*Belmoreana*)

The Kentia Palm, besides being one of the most graceful and ornamental of all palms for the house or conservatory, is also one of the hardest and easiest to grow. It is not affected by the dust and dry air of the house, and will grow and thrive where few other plants would live, and will continue to increase in size and beauty for many years. Fine thrifty plants, 6 to 8 inches high, 25c.; larger size, 35c. each, postpaid. Extra size, 50c. each, by express.

Cocos Weddelliana

This is one of the most elegant and graceful of all the smaller palms; its slender, erect stem is freely furnished with its graceful arching fronds and fine, deep green leaves. The Cocos is quite hardy and easily grown and is highly valued as a very choice table and parlor

ornament for vases, fern dishes, etc. Nice plants, 6 to 8 inches high, 3 fronds, 30c., postpaid. Larger size, 50c. each, by express.

Ostrich Feather Palm

(*Areca Lutescens*)

One of the grandest and most beautiful palms for house culture now known. The foliage is rich glossy green, with bright yellow stems, full of grace and beauty; hardy and easily grown; it grows more beautiful as it grows older and larger. The palms require no special treatment; will all thrive in parlor or living-room. Good strong plants, 6 to 8 inches high, 25c. each; 10 to 12 inches, 35c. each, postpaid. Larger plants, 50c., by express.

Umbrella Plant

(*Cyperus Alternifolia*)

The Umbrella Plant somewhat resembles a palm in general style and habit of growth; grows easily and makes a nice window ornament. Good strong plants, 15c. and 20c. each, postpaid. Large size 35c. and 50c. each, by express.

Cocos Weddelliana

FOR A GIFT we know of nothing more appropriate or likely to please than a beautiful Fern or Palm. Send us your order with address of your friend and we'll do the rest in a way to please you both. Allow plenty of time and say where you would like them delivered.

THE CONARD & JONES CO.,

Gentlemen:—

I wish to thank you for the prompt and courteous manner in which you filled my recent order; also to tell you I received the plants in a most beautiful condition. In fact I have never seen such beautiful plants sent out by any florist and I have purchased from a number of firms.

Thanking you again for your prompt courtesy, I remain,

New Lemon
American Wonder

THE NEW AMERICAN WONDER LEMON

Will thrive and bear both flowers and fruit the first season in any ordinary living room

THIS is one of the grandest new fruits for house culture ever introduced. Hundreds of testimonials have been received from persons who have tried it, testifying to its easy culture, wonderful productiveness and the enormous size and excellent quality of the fruit, some of which weigh as much as three pounds each, and are three times the size of the cut shown herewith. It is claimed by the introducers that one of these lemons will go as far as six ordinary lemons for all kinds of culinary uses. The tree is a strong, vigorous grower and quite hardy; may be kept in a pot or box. Set out in Summer and taken indoors in Winter; requires no coddling, not troubled with insects, and will begin to bear very quickly, and as soon as fully established will continue to bear both flowers and fruit continuously every month in the year. The flowers are pure waxy white and very sweet and like orange blossoms; the leaves are thick glossy green and shine as if varnished. It makes a very handsome tree and is well worth taking care of as it will last a lifetime and grow more valuable every year.

Nice mailing plants, 20c. each; 3 for 50c. Larger size, 25c.; 5 for \$1.00, postpaid. Fine two- and three-year trees, ready for fruiting, 50c., 75c., and \$1.00 each, express only.

Grand New Winter-Blooming Roses

New Rose
Killarney

NOTICE. WE ARE LEADING ROSE GROWERS and claim to grow "The Best Roses in America." Roses are our great specialty. We grow them by the hundreds of thousands, and offer in our Spring Guide, issued in January, all the newest and choicest varieties in one, two, and three-year sizes, but in this, our "Autumn Guide," we offer only a short list of the best Pot Roses for Winter bloom in the house or conservatory, and a selection of the finest two and three-year Hardy Dormant Roses for Fall and early Spring planting in the open ground (see pp. 38). When Spring comes and you are done with Roses in the house and conservatory, they can be planted at once in the garden or flower bed, where they should bloom all Summer and Fall. These are all choice sorts and equally good for either house culture or garden planting. See also Roses on front cover page.

Please Remember that these Roses are all strong re-potted plants, in best condition to bloom quickly and give plenty of lovely buds and flowers all Winter. But it is better to have them shipped by Express, so the earth can be left on the roots. Purchaser pays Expressage, postage is paid by us.

Killarney This splendid new Irish Hybrid Tea Rose created a mild furore when first introduced a few years ago, and has certainly come to stay. It is a strong vigorous grower and perfectly hardy, having stood out here during the past two winters without protection. There is no rose we know in this class that blooms more freely than Killarney and the large size of the flowers and substance of petals are remarkable, petals often measuring $2\frac{1}{2}$ inches deep. The buds are large, long and pointed. The color is exquisite, a brilliant imperial pink, almost sparkling and beautiful beyond description. We have a splendid stock to offer this year and all on their own roots. Price, 20c. each; postpaid.

Emperor Nicholas II.—A noble rose, and a strong vigorous grower, with handsome foliage and splendid large buds; dark rich crimson, flamed with brilliant scarlet. 15c. each, postpaid.

Jules Finger—Fine rich rosy red, extra large buds and flowers; constant bloomer; very sweet; a good bushy grower, producing lots of beautiful buds and flowers all the season. 15c., postpaid.

Lady Roberts—An elegant new hardy tea rose just recently imported, has proved a most beautiful and valuable variety of excellent form and substance, reddish apricot passing to deep coppery red with orange shading, a good healthy grower and profuse bloomer. 15c. each, postpaid.

Mad. Jules Grolez—A new rose of great beauty, very handsome buds and large full finely formed flowers; the color is lovely china rose passing to clear rich satiny pink, remarkably bright and attractive. 15c., postpaid.

Mrs. B. R. Cant—A strong vigorous grower—a constant and abundant bloomer—bright clear pink, perfectly full and double, and delightfully fragrant. Blooms all the time. 15c. each, postpaid.

Souv. de Jennie Cabaud—A grand new rose, producing in the greatest profusion extra large fully double flowers, beautiful coppery yellow, finely tinted with apricot and rosy carmine, exceedingly beautiful and a good healthy grower; quite hardy. 15c. each, postpaid.

New Ever-Blooming Rose, Uncle John—A constant blooming rose; never out of bloom during the whole growing season, pretty buff yellow flowers shading to white and pink, large full and fragrant; a strong bushy grower, splendid for garden planting. 15c., postpaid.

White Maman Cochet—A splendid rose; has all the good qualities of Maman Cochet, but is pure snow-white, equally large and fragrant, hardy and productive. 15c. each, postpaid.

SPECIAL OFFER No. 58—The above set of nine choice Winter-blooming Roses and, on request, our 20-page booklet, "How to Grow Roses," all for \$1.00, postpaid

Grand Winter-Blooming Roses—Continued

Gruss an Teplitz, also called **Virginia R. Cox**, or **Crimson Hermosa**—This grand rose has proved one of the best and most valuable hardy crimson ever-blooming roses for garden planting ever introduced. The color is dark rich crimson passing to velvety fiery-red, one of the very brightest colored roses we know. Flowers large, full and sweet; very showy and handsome; blooms constantly, throwing up fresh buds and flowers the whole growing season. It is a healthy vigorous grower, entirely hardy here with usual Winter protection. Price, 15c. each, postpaid.

Anna Oliver—This is a lovely rose for beds and borders. It is a good healthy grower and a constant and abundant bloomer and quite hardy, with usual Winter protection. The flowers are lovely creamy blush, very large, full and sweet. 15c., postpaid.

Beaute Inconstante—This is a good healthy grower and abundant bloomer, makes handsome buds and large well filled flowers, the color is quite variable, sometimes the flowers are distinctly striped and variegated, but are frequently of entirely different colors, some being clear satiny pink, some red and others coppery orange, passing to cream white with many intermediate shades between. 15c., postpaid.

Charles La Grady—A first-class rose of sterling value; grows stout and bushy with fine foliage, and an early and constant bloomer; makes beautiful buds and large handsome flowers, very fragrant and highly valued for garden planting. Color, fine chamois red, passing to violet crimson. Price, 15c. each, postpaid.

Clotilde Soupert—The flowers are borne in large clusters all over the bush; they are large, perfectly full and double and most deliciously sweet; color, beautiful creamy white, splendidly tinged with pink, deepening at center to a clear bright pink, and sometimes both pink and white roses are borne on the same plant. The bush is a vigorous grower and begins to bloom almost as soon as planted, and continues loaded with beautiful buds and flowers during the whole season. Price, 15c., postpaid.

Cornelia Cook—This is a very handsome rose for Summer bedding, also for house culture and forcing; makes splendid long pointed buds; pure creamy white sometimes tinged with pale rose. Excellent substance and very sweet. 15c., postpaid.

Henry M. Stanley—A good healthy grower, making neat compact bushes, which bloom continuously. The flowers are large, full and sweet; color deep chamois rose, delicately tinged with fine apricot yellow. Petals bordered with bright carmine. 15c. each, postpaid.

Ivory (White Golden Gate)—Resembles the beautiful Golden Gate in form and loveliness, but is pure Ivory white. It is an exceedingly free bloomer, and the flowers are large, full and sweet. It is a healthy vigorous grower and desirable in every way. 15c., postpaid.

Letty Coles—This is a very handsome rose, sure to please every one. It is a strong vigorous grower and constant bloomer; soft rich pink, deepening to intense crimson. Hardy and a fine bedder. 15c., postpaid.

Mlle Cecile Bruner—Among all the beautiful Fairy Roses there is no variety we know that will give so much real solid satisfaction all through the season as will the beautiful "Mlle Cecile Bruner." It has larger flowers than most of the others, is perfectly double and delight-

Gruss an Teplitz

fully fragrant. The color is a rosy pink on a rich creamy white ground. 15c.

Marechal Niel—Pure, deep golden yellow; one of the most beautiful roses in existence, and one of the best for house culture. A climbing rose but easily trained indoors. 15c. each, postpaid.

Marie Van Houtte (The Gem)—Truly an exquisite rose, and especially so in the open ground where it develops its richest shades. The flowers are extra large, very durable, full and deliciously sweet-scented. Color is a lovely canary yellow, passing to creamy white, and beautifully shaded with rich pink. 15c. each, postpaid.

Queen's Scarlet—Rich velvety scarlet, very bright and handsome strong upright grower, constant bloomer. 15c., postpaid.

Ever-blooming Rose Rainbow—A splendid new rose. The color is a lovely shade of deep coral pink, elegantly striped and mottled with intense shining crimson, finely colored at centre with rich, glowing amber; makes beautiful buds and the flowers are extra large; very sweet, with great depth and substance. 15c. each, postpaid.

Wellesley—This splendid rose is a seedling from "Liberty" crossed with "Bridesmaid;" the flowers are extra large and full, color, bright clear rose-pink, reverse of petals silver-rose; a vigorous grower, bearing its flowers on tall, stiff canes; very free bloomer. Flowers of excellent substance and durability. 15c., postpaid.

REMEMBER—THESE ARE ALL EXTRA STRONG RE-POTTED ROSES, specially prepared for Winter flowering. Price, 15c. each; 2 for 25c.; 4 for 50c.; any 9 for \$1.00. Postpaid.

Special Offer No. 59: The complete set of 15, only \$1.60, postpaid

Large Hardy Field-Grown Roses

Specially Suited for FALL PLANTING in the Open Ground

FALL PLANTING PAYS. If you will take "Time by the forelock" and plant your rose bed this Fall you can have flowers a-plenty next Spring. Many people know about this and there is a constantly increasing demand for Hardy Roses for Fall Planting. We are glad, therefore, to make this special offer of extra large, heavy field-grown plants, all properly pruned and ready for delivery as soon as the wood is thoroughly ripened, which is usually early in November. These varieties have been selected with the utmost care, and we firmly believe they are the finest and best Hardy Rose Bushes that can be had anywhere. They may be planted any time before the ground freezes hard; give the soil about the roots a light protection over winter. Order early and perhaps we can give you other plant suggestions that will prove valuable. Roses will be sent as soon as sufficiently dormant to transplant safely.

New Rose, "Sir Thomas Lipton"

2 IRON-CLAD EVER-BLOOMING RUGOSA ROSES SIR THOMAS LIPTON (or White Century)

The finest pure white Hybrid Rugosa Rose yet produced; makes a handsome bush, four to five feet high, and bears large double pure white roses all Summer and Fall. It is one of the hardiest roses in existence. It is especially recommended for cold climates and exposed localities, and because of its handsome appearance, perfect hardiness, and wonderful freedom from insects, rust and disease, it is being used in great quantities (see illustration). Price, two-year bushes, 50c. and 75c. each. Extra three-year bushes, \$1.00 and \$1.50 each, by express.

NEW CENTURY (Pink)

This magnificent new rose is perfectly hardy and blooms through Summer and Fall. Flowers are exquisite rose pink, full and double, three to four inches across and borne in clusters. Foliage like the Rugosa's; rough, shiny, and proof against insects, rust and blight. Valuable, especially for hardy borders. Price, two-year, 35c. each. Extra size, three or four-year bushes, 50c., 75c., \$1.00 each, by express.

New Snow-White Hardy
Hybrid Perpetual Rose

FRAU KARL DRUSCHKI (The White American Beauty)

Without exception we believe the most magnificent white rose in this class. Enthusiastic praise for it comes from all sides and deservedly so. Pure white, of beautiful form, and petals of such thick substance that the flowers, when cut, will last for days. A healthy, vigorous grower, entirely hardy, and a constant and abundant bloomer. Large two-year old plants at \$1.00 each, by express.

CHOICEST HYBRID PERPETUALS

New Rose, "Chas. Wagner"—(Introduced by C. & J. Co., 1907). A vigorous growing rose, blooms in clusters of three to five, with large double flowers of clear bright red (approaching scarlet), blooms freely, has a delicious pungent fragrance, thoroughly hardy. Price, two-year size, 50c. each. Extra size, 75c. each, purchaser paying charges.

HARDY PERENNIAL PLANTS, or Old-Fashioned Garden Flowers

Autumn is the best time in the year for planting some Hardy Perennials. They get well established during the Winter and are ready to start growth with the first sign of Spring. The varieties listed below are among the most economical and satisfactory plants you can buy. They are perfectly hardy and last for years, and thus will save you time, labor and expense and afford a variety and succession of bloom unequaled.

NOTE—(Spade the ground to a depth of 2 feet to allow for good root growth and enrich the ground generously for best results.)

Achillea Alba (The Pearl)—Entirely hardy and bears an abundance of pure white, perfectly double flowers, the whole season 10c. each; 3 for 25c.; 75c. per doz., postpaid.

Aquilegia "Columbine," Variety, "Chrysanthia"—Grows 2 to 3 feet high and easily grown. Blooming season, May till August.

Burbank's New Shasta Daisy—Much larger than the old daisy. Does well anywhere year after year.

Coreopsis, Variety—"Lanceolata Grandiflora"—Flowers, rich golden yellow of graceful form, and borne on stems 2 to 3 feet high.

Dianthus Spectabilis or Bleeding Heart—Grand hardy border plant, blooms early in Spring; splendid long racemes of beautiful rosy-pink and white flowers.

Helleborus Niger (or Christmas rose)—Hardy bulbous plants, bearing pure white waxy flowers. If potted early will bloom in December, or early in Spring in open ground; large roots, 25c. each.

New Hibiscus (Crimson Eye)—No trouble to grow, bears immense flowers, six to seven inches across, pure white, with bright crimson centre. Dies down every Winter, comes up fresh in the Spring, and blooms the same season. Strong roots, 15c. each; 2 for 25c.; \$1.25 per doz., postpaid. Two-year roots, 25c. each; \$2.00 per doz., by express.

NEW LARGE FLOWERING JAPAN IRIS

"Iris Kaempferii Grandiflora"

Grandest of all hardy Iris. The flowers are enormous, averaging from 8 to 10 inches across and of the most gorgeous and exquisite colors.

DOUBLE VARIETIES

No. 1. **Gold Bound**—White, with gold banded centre.
No. 2. **Blue Danube**—Deep blue, with yellow centre.
No. 3. **Oriole**—Deep crimson-amaranth, yellow centre.
No. 4. **Spotted Beauty**—Silky white, spots crimson.

SINGLE VARIETIES

No. 5. **Blue Bird**—Clear dark blue.
No. 6. **Ondine**—Pure white, shaded bright blue.
Price, above kinds 20c. each; set of 6 superb sorts \$1.00, or \$1.75 per doz., postpaid, \$1.50 per doz. when sent by express.

Iris, English—Large handsome flowers; colors rich purple, violet and lilac. Height, 18 to 20 inches. Perfectly hardy. 3 for 10c.; 25c. per doz.

German Iris—Large crepe-like flowers, sky-blue, yellow, orange and white in beautiful combination. Mixed colors, 6c. each; 50c. per doz., postpaid.

Ornamental Grasses—(Eulalias)—Perfectly hardy, grows 6 to 8 feet high. Plant singly or in groups. We offer 3 kinds. **Gracillima, Zebрина and Variegata**. 15c. each, 12 for \$1.25, postpaid, or clumps, \$1.50 per doz., by express.

DOUBLE HERBACEOUS PAEONIES

They bloom regularly every Spring for several weeks at a time. Hardy and grow easily anywhere. Height 2 feet. For best results plant early in the Fall in deep rich well prepared soil, covering the eyes but an inch or two. Mature heavily in the Fall after the tops are killed by frost. We offer three distinct sorts; white, double red, and double rose. Price, 25c. each, postpaid, or 12 for \$2.50, by express.

A Hardy Perennial border like this is a satisfaction at all times; blooms freely year after year with little care.

HARDY PERENNIAL PHLOX

The Improved Varieties of Hardy Perennial Phlox, which we offer below, are among the handsomest and most useful of our Hardy Herbaceous plants.

Athis—Salmon pink, tall.

August Reverie—Bright red changing to salmon scarlet.

Duguesclui—Bluish white shading to white, tall.

Eclairer—Purplish crimson with light halo, very large.

Pantheon—The most beautiful pink in cultivation.

3 CHOICE C. & J. STANDARD TULIPS

AS SHOWN IN COLORS ON BACK COVER

THE TULIP is without doubt Queen of the Spring Flowering Bulbs. Magnificent is the show of brilliant colors they make in the early Spring and they're so easy to grow that anyone can succeed with them and have a glorious display anywhere. From the entire list we have selected Three of the Best you can get for either bedding or forcing, as follows:—

WHITE

1.—L'IMMACULEE

A flower of spotless white as the name implies, particularly impressive because of its splendid size and its fine, broad petals of brilliant whiteness (there is a faint halo of yellow at the base). It grows to a medium height and blooms quite early. Undoubtedly one of the best white flowering Tulips to be had.

3c each; 30c per doz.;
\$2.00 per 100 postpaid.

YELLOW

2.—YELLOW PRINCE

This variety has been selected as one of the best yellow Tulips for either bedding or forcing. The flowers are particularly large and showy—color a rich daffodil yellow. The height of flower and time of bloom are the same as the other two in this set. Deserves a place in the finest gardens.

3c each; 30c doz.;
\$2.00 per 100 postpaid.

CRIMSON FEATHERED

3.—Joost Van Vondel

Of all the brilliantly colored variegated Tulips this is undoubtedly one of the prettiest and most striking. The great, broad petals are a sparkling cherry red exquisitely feathered with white. Whether it be on your lawn or in vases it is intensely effective.

3c each; 30c doz.;
\$2.00 per 100 postpaid.

AUTUMN IS AN EXCELLENT TIME

FOR SEEDING DOWN NEW LAWNS OR RENOVATING OLD ONES— Use C. & J. Velvet Green Lawn Grass Seed.

OUR VELVET GREEN LAWN GRASS SEED is not excelled by any for producing a smooth, even, velvety-green sward that will withstand drought and hard usage, and always make a handsome appearance. In seeding down a lawn or grass plot, three things are necessary to insure success: First, to prepare the ground so as to have a fine, smooth seedbed; second, to put on plenty of seed; never less, but rather more than the directions call for; third, to start the lawn-mower as soon as the weeds (which are always in the ground and sure to start first) are tall enough to catch the machine, and keep them mowed off close till the grass has time to start and become well established. The seed should be lightly raked in and finished with a roller. Apply any good commercial fertilizer as a top-dressing when needed. One quart of seed is enough for three hundred square feet (fifteen by twenty feet), or at the rate of five bushels to the acre. Lawns should be kept neatly mowed, which induces a clean, even growth of fresh, lively green.

Price by mail, postpaid 25 cts. per quart; two quarts for 45 cts.; in bulk, purchaser paying express charges, \$1.25 per peck; \$4.00 per bushel of 20 lbs.

OUR NEW FLORAL GUIDE FOR 1908

will be sent you early next year, if you send us an order this Fall. It will contain 136 pages—about Roses and 100's of other choice plants; also Seeds, Bulbs, Fruits, etc.—all carefully arranged, beautifully illustrated and conservatively written. It has been called one of the most helpful and reliable catalogs published. Next year we expect to make it better still. To our regular customers it will be sent promptly—to all others who express an interest—free on request.
